

County Agents Fear Million Dollar Loss To County Crops By Drought; Corn, Tomatoes Hit

The prolonged drought and heat may cause a \$1,000,000 loss to Adams County farmers.

The county produced about \$5,000,000 worth of farm crops each year, according to census reports, and County Agent Frank Zettle and Associate County Agent Fred H. Attinger were agreed in an estimate that the dry weather so far has caused a "ten per cent loss or better"—and there was every indication that the loss would mount rapidly as day after day passes without rain.

While the county generally had already racked up a \$500,000 loss in crops, some farmers, who have installed irrigation systems were of the opinion that the systems would pay for themselves this year—making the additional crops gained in future dry years, "pure gravy" as one put it.

Bumper Crop Fades

Tomatoes, which a week or so ago had appeared likely to be a bumper crop, now are believed to be in bad shape as a result of the prolonged drought. Attinger said that "if this keeps up there just isn't going to be any late crop of tomatoes. The tomatoes harvested now are of excellent quality and fair size but the new buds that would produce the later crop are drying up and falling off. Even within a few days might help the plants produce new buds which in turn would give us a late fall crop—but if it keeps on as dry as it is, there just won't be any buds developing."

One person closely connected with the tomato industry said Friday, "it looks like we will have an even smaller crop than last year."

Corn is "badly hit" by the drought, the county agents reported. "And everything else is hit hard by the heat and dry weather. Some farmers are not as badly hurt as they now think, provided we get a little rain, but there is absolutely no doubt but what there has been extensive loss all down the line."

Fruit Being Hurt

Fruit is also hurt by the drought, although possibly not to the extent of some farm crops. A great number of cherries were left on the trees—because they scalded so badly from the heat and drought that they were valueless.

Peaches also have been hit by drought, with the county agent expressing the belief that "there will be a lot of small peaches this year"—which cuts into the value of the product.

Irrigation in orchards, such as that at the Williams M. Lott, Robert C. Lott, Arthur Rice, and Blue Ribbon orchards, is "giving us an idea of how valuable irrigation can be," the county agents said.

Apples will be plentiful, but "a lot of the final size of the late apples will depend on rain between now and harvest time."

LeVan's Fashion Shop Is Robbed Of \$30

Borough police today are searching for the burglars who broke into LeVan's Fashion Shop and stole approximately \$30 from the cash register. The theft occurred some time between Thursday noon, when the store closed for the day, and Friday morning, when the clerk, Mrs. Ella Mae Fissel, opened the store and discovered the robbery.

Mrs. Myrtle LeVan, proprietress, said that the thieves entered through the back door of the shop which they broke open. In addition to stealing the money they broke open a drawer beneath the cash register and went through the drawers of a desk.

They also broke open a safe in the office, but found only securities and did not take them. The merchandise was not disturbed.

BUSINESSMEN MAY PROTEST OFFICE CLOSING

The decision of the Internal Revenue Service to close the Gettysburg and 10 other offices in southeastern Pennsylvania—came after the president of the Gettysburg Chamber of Commerce and others had advised against it and urged that the office be continued here, it was learned today.

President Mares Sherman of the Chamber of Commerce said he and "all the other members of the board of directors of the Chamber feel the same way about it." He suggested the possibility that the Chamber may frame a formal protest resolution to be forwarded to the Internal Revenue Service.

Mr. Sherman, who said an Internal Revenue division representative had called upon him recently to inquire about the need for the local office, declared:

Praise For McSherry

"We think it would be a mistake and a serious handicap for our community if the office would be closed. We believe Mr. McSherry (Thomas C. McSherry, collection officer in the local office) has been very helpful to many people in the community who have gone to him with tax problems and has done a great deal to build good will for the Internal Revenue Service here. To have the office closed would be a real loss to our community."

"The closing of the office has been ordered in a move to improve the tax service but it doesn't seem clear how the public is going to benefit by having this and 10 other offices in the area closed. There must be something else back of it."

President Edmund W. Thomas of the First National Bank, also consulted before the closing order was issued, said today he had told the revenue division men "it would be a good thing to keep the office open here rather than chasing Mr. McSherry all over the county collecting back taxes."

Banker's Opinion

"That would seem to be wasting a good man's time. Mr. McSherry is held in very high esteem here. He has built good will toward his service and has been very helpful (Continued on Page 3)

Joint Board To Meet On Monday

The teacher committee of the Gettysburg Joint School District held another meeting Friday evening at the office of Superintendent Lloyd C. Keefe in the high school building to act on applications for teachers for several of the vacancies remaining in the grade and high school staffs.

The committee will present several recommendations to the joint school board at its August meeting Monday evening at 8 o'clock at the high school. The board may be able at that meeting to fill most of the positions but the committee has no applications to date for the two positions of girls' health instructors and an art teacher at the high school. The latter position became vacant recently when Mrs. June Roush Brown resigned to accept a position in the State College area.

AUDITORS FILE REPORTS FOR LOCAL SCHOOLS

The auditors' reports for both the Gettysburg Joint and Gettysburg Borough School Districts for the year July, 1954, to July, 1955, have been filed Thursday in the office of the prothonotary. They indicate that in both, the jointure and the local district, school expenditures were kept within their income for the past year.

For the jointure, receipts totaled \$464,076.45 while expenditures added up to \$425,730.89. The fund balance rose from \$23,409.40 to \$38,345.56. Receipts for the year, in addition to the \$23,409.40 on hand, were \$414,645.99 from the member school districts and \$26,021.06 from miscellaneous sources. Members of the jointure are the Gettysburg School District, Cumberland Twp., Freedom Twp., Highland Twp., Franklin Twp., Mt. Joy Twp., and Straban Twp.

\$285,000 For Salaries

Expenditures were: \$17,508.90 for general costs; \$329,238.81 for instructional expenses, including \$285,150.04 for teachers' salaries; \$7,098.94 for "auxiliary agencies and coordinate activities"; \$20,231.70 for maintenance of school plants; \$29,389.43 for operation of school plants; \$17,930.08 paid to State Retirement Board; \$1,500 rent; and \$2,833.03 for fire insurance.

For the Gettysburg School District, income totaled \$248,209.66 while expenditures added up to \$229,335.08. The balance rose from \$13,999.47 to \$19,036.94.

Over \$149,000 In Taxes

The district levied a 35-mill real estate tax, which yielded \$115,241.48, and a 10 per cent capita tax, which brought in \$34,093.60. Other major sources of income were the \$13,999.47 funds on hand and state appropriations of \$77,314.75.

Principal expenditures were \$150,000 to the jointure; \$4,634.35 for general costs; \$3,268.87 for "social centers and recreation"; \$341.63 maintenance of plants; and \$60,660.27 to the Gettysburg School Authority as part of the expenses for the construction of the addition to Gettysburg High School. Another \$19,000 was contributed to a sinking fund, which drew \$201 interest during the year.

Both reports are signed by Auditors Percy S. Miller, John W. Hewitt and S. Richard Eisenhart.

News of Countians In Armed Forces

ADAN J. Vernon Simpson, formerly of Gettysburg will return in September to the U. S. from the Mediterranean where he has been stationed aboard the carrier Coral Sea with the 6th Fleet. Following three weeks schooling ADAN Simpson will be transferred to a new carrier the USS Forrestal. Simpson's address is 453-33-84, V-2 Division, USS Coral Sea (C-44-43), PPO, New York, N. Y.

HANOVER MAN ARRESTED

Walter Clapper, 23, rear 668 Broadway, Hanover, was arrested Wednesday at his home by a Hanover patrolman and Sheriff Dorsey J. Schultz on a court process issued by the Adams County Court June 13 after he failed to appear in court to pay a fine and costs levied on a charge of driving after his license was suspended. Clapper was taken to the Adams County jail by Sheriff Schultz. He was arrested on the motor code violation July 10, 1954.

11 American Airmen Are In Good Physical Condition; Leave Tokyo Monday For U.S.

By MURRAY FROMSON
TOKYO (AP)—Eleven U.S. airmen released by Communist China Thursday are "all completely okay physically," an Air Force medical source said after the fliers were examined by doctors today.

"It's amazing to see these men smiling after what they have been through. They are in amazing condition," the source said.

The optimistic report covered internal physical condition, not visible injuries such as a lost toe and crippled fingers suffered by Maj. William H. Baumer of Lewisburg, Pa. Baumer's left leg was wounded when the fliers' B29 was shot down. Later he suffered frost bite.

The airmen, dressed in military hospital gowns, were confined as patients in the huge air conditioned hospital at nearby Far East Air Materiel Command Base.

Scores of air policemen surrounded their ward to keep out-

COUPLE IS WED IN TANEYTOWN THIS MORNING

In a setting of white gladioli and baby's breath Miss Helen Agnes Arnold, daughter of Mr. and Mrs. Charles R. Arnold, Taneytown, became the bride of Joseph C. Gorman, son of Mrs. Thomas Gorman, Valley Stream, Long Island, N. Y., and the late Mr. Gorman, this morning at 10 o'clock in St. Joseph's Catholic Church, Taneytown.

Rev. Fr. Robert R. Kline, faculty member of Mt. St. Mary's College, Emmittsburg, officiated at the single ring ceremony. The Rev. Fr. Edward Creagh, Associated Press; Hugo C. Johnson, Paramount News; Ralph A. Santos, CBS; Thomas J. Craven, Movietone News; Thomas J. Foley, International News; Milton Freier, and Richard E. Mooney, United Press; Jack Lantz, International News Photos, and Henry Burroughs, Associated Press.

16 4-H CLUB MEMBERS GOING TO PENN STATE

Assistant Adams County Farm Agent John Naugle will be one of the speakers next week when 1,182 farm youths from throughout the state attend the annual 4-H Club Week activities at Pennsylvania State University.

Naugle, an International Farm Youth Exchange delegate to Switzerland last year, will show pictures and talk on farming in that country. Naugle will be one of 16 countyans attending the state program. The county contingent will meet at the Court House here at 9 o'clock on Monday morning to travel as a group to Pennsylvania State University, and will return Thursday.

To Represent Clubs

Representing the county's home economics 4-H clubs will be Shirley Eggleston of the Barlow club; Peggy Ann Jordan of the Harrisburg Rd. club; Irene Crouse, Littlestown club; Ruth Ann Nease, Conewago; Shirley Sterner, Round Top, and Yolanda Gulden, York Springs.

Representing the agriculture 4-H clubs of the county will be Barry and Evelyn Breighner and Larry Crouse of the Pleasant-Joy club; Patrick Murren, Brushtown club, and Jay Snyder of the Stone Jug club.

Snyder will also join with Betty Dorr and Glenn Zepp of the county's 4-H Dairy Calf club to comprise the dairy judging team representing the county in contests to be held as part of the week's activities. Allen Withrow of the Stone Jug club will represent the county in the tractor demonstration contest.

Miss Florence Finger, county home economics extension representative, will accompany the delegation from the county and will serve in various capacities at the club week program.

Driver Dozes, Car Strikes Abutment

Oscar L. Cassatt, 50, Orrtanna R. 1, was injured Friday night at 10 o'clock when his car ran off the road and struck an abutment two miles west of here on the Fairfield Rd.

State police said Cassatt fell asleep while driving. Damage to his car was estimated at \$600.

Brought to the Warner Hospital by a passing motorist, Cassatt was found to have a laceration of the scalp, lacerations of both lips, six teeth knocked out, a fractured wrist and chest injuries.

Legion Honor Guard Will Drill Monday

A drill meeting will be held by the honor guard of the Albert J. Lentz American Legion Post 202 Monday evening at the farm of Lloyd T. Snyder, Gettysburg R. 1, Commander Glenn L. Harner announced today.

A convoy will leave the Legion home on Baltimore St. at 7 o'clock Monday evening for the Snyder farm. Rifle firing and drill is scheduled to be followed by refreshments. Commander Harner asked all members to attend.

PROPERTY TRANSFERS

The following property transfers have been filed in the office of the register and recorder:

William Edward Eckert, Straban Township, sold to the Delvalle Management Co., Baltimore, for \$3,500, a property of approximately 1 1/2 acres in Straban.

The executors of the will of P. W. Stallsmith, late of Gettysburg, sold to Grace M. Stallsmith, of this borough, for \$1,000, three properties in Straban Township.

You can still take advantage of store wide savings at Tobey's. Read the tag and pay half on dresses, skirts, coats, suits and raincoats. Shop from noon to 9 p.m. Monday. Hundreds of sleeveless and short sleeve blouses reduced. Tremendous reduction on swim suits. Tobey's, 13 Baltimore St.

PRESIDENT ON COURSE EARLY

President Eisenhower flew to Gettysburg shortly before 4 o'clock Friday afternoon armed with several hundred bills passed by the Congress that concluded its session Wednesday. The Chief Executive will act on these measures before he returns to the White House next Thursday.

Mrs. Eisenhower preceded her husband by car.

At 8:30 o'clock this morning President Eisenhower, General Arthur S. Nevin and John S. Rice, West Broadway, teed for a round of golf at the Gettysburg Country Club. Last Saturday the President played 27 holes of golf here. Sometimes he rides in the golf carts and sometimes he walks the course.

White House reporters and photographers traveling with the President and guests at the Hotel Gettysburg are:

Edward Creagh, Associated Press; Hugo C. Johnson, Paramount News; Ralph A. Santos, CBS; Thomas J. Craven, Movietone News; Thomas J. Foley, International News; Milton Freier, and Richard E. Mooney, United Press; Jack Lantz, International News Photos, and Henry Burroughs, Associated Press.

Lawrence S. Cole, 29, Navy Vet From York Springs R. 2, Dies In Truck Crash In Canada

MERVIN L. EYLER OF LITTLESTOWN DIES ON FRIDAY

Mervin Leroy Eyer, 70, former attendant at the Adams County Home, died Friday morning at 11 o'clock at his home, 208 N. Queen St., Littlestown.

A son of the late Charles E. and Mary Catherine (Hess) Eyer, of Carroll County, he is survived by his wife, the former J. Lauretta Snyder; three sons and a daughter, Raymond C. Eyer, Carlisle; Wesley, Sterling Eyer, Woodbine, Md.; Chaplain Mervin S. Eyer with the U. S. Army stationed at Greenland; Mrs. Robert E. Posey, Middletown, Pa., and ten grandchildren.

He had been in declining health for some time and had retired and moved to Littlestown about six years ago. He was an attendant at the county home here for about 12 years and for many years had been a farmer near Hanover.

Services On Monday

He was a member of the Harney Lutheran Church and served as an elder and as a deacon at various times and taught a Sunday School class. He was also a member of the Junior Order of Mechanics and Sons and Daughters of America of Taneytown.

Funeral services Monday afternoon at 2 o'clock from the Harney Lutheran Church with his pastor, the Rev. Charles E. Held, officiating. Interment in the church cemetery. Friends may call at the C. O. Fuss Funeral Home, Taneytown, from 7 to 9 o'clock Sunday evening. The body will lie in state at the church in Hanover from 12:30 o'clock Monday afternoon until the time of the funeral.

Have Disney Film For 3rd Campfire

A Walt Disney film, "Beaver Valley," will be shown Sunday evening at 9 o'clock in the series of "campfire" programs held by the Gettysburg National Park on E. Cemetery Hill.

Dr. Frederick Tilberg, in charge of the program, said the film depicts the life history of the beavers in a valley in the Rocky Mountains. The film will be shown in the Cyclorama at 9 o'clock in the event of rain; otherwise it will be shown at the "campfire site" on E. Cemetery Hill.

Hospital Plans Are Available Now

Walter B. Dillon, Warner Hospital administrator, announced today that the plans for the next addition to the Warner Hospital now are available to prospective bidders at the office of the architect, the Buchart Engineering Corporation, in York.

The bids will be opened by the hospital's building committee on Wednesday, August 31.

Mr. Dillon said the fund campaign total has reached \$217,318.75.

CYCLIST IS FINED

Dallas Carson, Emmittsburg, was fined \$10 and costs early this morning by Justice of the Peace Robert P. Snyder, for reckless driving on a motorcycle. He was stopped by borough police on Chambersburg St.

MOTORIST FACES CHARGE

Glenna C. Murtoff, Gardners, has been charged with operating a car not bearing the current inspection sticker, in an information filed by Hanover police with Justice of the Peace William Y. Naill Jr., Hanover.

MARKET STANDS WELL FILLED WITH PRODUCE

Summer produce appeared in abundance at the Farmers' Market this morning and such commodities as tomatoes and peaches looked choice despite the dry weather. But farmers stated that the weather was holding down the quantity of the yield.

Most of the stalls in the market displayed peaches, usually at about 30 cents a quart box, and tomatoes, which were down to 25 and 30 cents a pint box and 45 a quart. Corn was also in fairly good supply, mostly Stowell's Evergreen and the price ranged at about 55 and 60 cents a dozen.

Crabapples made their first appearance this morning, selling at 25 cents a quart peck and 45 cents a half. Summer Rambo and Duchesne apples remained available in good supply, at about 25 cents a quart peck and 45 cents a half peck. Plenty of potatoes could be had for 25 and 30 cents a quart peck and 45 and 50 cents a half peck.

Blackberries 40 Cents

A few blackberries were being sold at 40 cents a quart, and blueberries remained at 30 cents a pint and 55 a quart. Rhubarb stayed at 15 cents a bunch.

Lima beans were selling for 35 cents a pint and 65 cents a quart. (Continued on Page 2)

Some Relief In Midwest But Most Of Nation Is Sweltering

The temperature at the Gettysburg Times weather station surged to 101 Friday, the second time this week it has topped the 100-degree mark. The high was 102 on Tuesday. The mercury headed for the 90's again today. No day so far this month has failed to reach 98 degrees here.

By THE ASSOCIATED PRESS

Showers and cooler air brought some relief to heat-stricken regions of the Midwest today but the season's prolonged spell of hot and humid weather clung to wide areas in the Eastern and Southern sections of the nation.

The center of the cooler air in western Lake Superior moved eastward. It was expected to reach north of Lake Ontario tonight.

But the cool air didn't spread far South. Although Chicago got some respite from 11 straight days of 90 or higher temperatures, the hot and humid weather persisted in the southern half of Illinois and Indiana.

Readings climbed to 100 yesterday in Boston and at New York's LaGuardia Field. It was a hot 94 in New York City, 97 in Philadelphia and in the 90s over most of the Eastern third of the country. Similar marks were in prospect today.

Temperatures of 100 or above were general in the Southwest desert region with Blythe and Thermal, Calif., and Gila Bend, Ariz., each reporting a top of 104. It was 97 early this morning in Blythe.

But readings were mostly in the 60s early today across the Northern Plains region. They were in the 70s and some 80s from Kansas to southern New England and southward to the Gulf.

One belt of thunderstorms extended from eastern Kansas to the Southern Great Lakes. Another stretched from eastern Colorado northward into the Dakotas.

Littlestown

M'SHERRY PARK PROJECT CALLS COUNCILMEN OUT

A further discussion concerning the housing project contemplated in the "McSherry Park Area" took place at the special meeting of the Littlestown Borough Council on Thursday evening in the office of the borough secretary, Roger J. Keefer, N. Queen St., and at the proposed development site. Councilmen stuck to their earlier stand with regard to ordinances that apply.

Present for the special session were President James V. Yingling, who presided, and Councilmen Harry T. Harner, Lewis H. Fox, Charles M. Frock, George L. Maitland and Frank E. Stonestree. Also present were A. M. Heikes, Gettysburg; James Orndorff, Gettysburg; Thomas C. McSherry, Littlestown, and Secretary Keefer.

President Yingling informed Mr. Heikes that Council had made a decision on the housing project at the last meeting of Council on July 26. However, Mr. Heikes felt that there was additional information relative to the project which Council should know and therefore desired the special meeting to inform Council before a final decision was given to the "borough fathers."

Reviews Early Position
At the July 26 session, Mr. Heikes requested that Council extend sewer and water mains from W. King St. on Columbus Ave., to the first alley northwest and running parallel to W. King St.; at this point the parties interested in developing this area in a housing project would extend the mains to their project at their own expense. The decision at the previous meeting given by Council was to the effect that, under the present ordinance, water and sewer main extensions into new areas for developments, a deposit of the estimated costs of installing these utilities would have to be made by those desiring the utility; a refund of four and one-half times the annual revenue derived therefrom in any one year would be made to the party making the deposit and after five years if the full deposit was not refunded no further refund would be forthcoming.

Also at the July 26 session, the housing committee was informed that further discussing would be considered when plans for the development would be presented. The councilmen would not commit themselves as to whether they would vary from the ordinances as to the costs for any extensions or improvements to the streets therein, and for this reason it was felt that the committee wished the Thursday meeting to clarify Council's position in the

Sketches

By BEN BURROUGHS

"FOR THE BEST"

When bad luck comes upon you . . . as at times it's bound to do . . . don't grumble, because grumbling . . . will only cloud your view . . . or if your health is not at par . . . what good is it to grumble . . . have faith and hope . . . for in this way . . . some happiness you'll weave . . . remember things can't always be . . . the way you think they should . . . this life is full of ups and downs . . . and you must find the good . . . I do not mean you should not fight . . . for it takes fight to win . . . but should you lose, don't dwell upon . . . the things that might have been . . . so when the chips of life are down . . . and rugged is the test . . . do not despair, instead believe . . . things happen for the best.

matter.

The councilmen, Mr. Heikes, Mr. Orndorff and Mr. McSherry then proceeded to the area of the proposed development. After viewing the site and following some discussion, Council returned to the secretary's office.

Stuck To Ordinance

A unanimous decision was then made by Council, that due to the water and sewer systems being owned by the Authority and leased to the borough for operation and the borough's commitments for improvements to the water system now under construction, it was felt that there could be no variance from the ordinances without getting into financial difficulties with the Authority.

The matter of improvements to the streets, such as paving base and surface treatment, was discussed as to the presently ordained streets which required further and in some cases complete construction. This practically consumed all the available funds for highway purposes and it was explained that by taking a small project of street improvement each year, the borough has been able to gradually complete the presently unimproved streets without increasing the debt to the borough.

Discuss Junk Yards

Council agreed that in any new areas where housing projects are contemplated, those desiring to develop the areas shall bear all expenses according to the ordinances relating to the sewer and water systems and also complete the building of such streets, including base and black top or bituminous surface in accordance with the borough specifications; after which the same would be dedicated to the borough for future maintenance.

Council then took up the subject of unsightly junk yards within the borough limits. President Yingling was instructed and authorized to have the borough solicitor draft an ordinance for the removal of all junk and prohibiting of future accumulation of junk within the borough.

The next regular meeting of Council will be held on Tuesday, August 23, at 8 p.m.

Church Council Meeting

The August meeting of the Council of Grace Lutheran Church, Two Taverns, will be held on Monday evening at 8 o'clock, at the church.

The Pittsburgh Nations drew only 17 paid admissions for a game in 1890.

THOUSANDS SEE BIG FIREMEN'S PARADE FRIDAY IN LITTLESTOWN

Several thousand persons thronged the main streets of Littlestown for the annual Alpha firemen's parade on Friday evening. The parade included three divisions and covered a route of approximately one mile.

The recipients of the parade prizes follow: Best uniformed fire company or department in line with 25 or more men, with musical accompaniment, \$75, went to the Hanover Fire Department, with a second prize, \$50, to the McSherrytown Fire Company; best appearing uniformed fire company or department with less than 25 men and with or without music, first, \$25, to Pleasant Hill, and second, \$20, to Centennial; best appearing uniformed organization other than a fire company, \$25, to the Dallastown Marching Unit; best appearing Ladies' Auxiliary, first, \$35, New Windsor Auxiliary, second prize of \$25 to the Westminster Auxiliary; best appearing band, \$50, went to the Dallastown American Legion Band; best appearing drum corps first, \$60, to Hanover Harold H. Bair Drum Corps, second of \$40, to the Taneytown Corps, and third, \$20, East Berlin Drum Corps; best appearing fire apparatus, \$15, received by the Pennville Fire Co.

The parade judges were Ralph R. Ruggles Jr., Lt. Col. Edwin W. Elder and Dr. Richard M. Phreaner, of town. The Alpha Fire Company presented a check for \$50 to the Littlestown Scouting organization for the assistance given by the Boy Scouts in cleaning up the carnival grounds this week and also for the Scouts participation in the parade.

A huge crowd was on hand at the carnival grounds Friday evening when the United States Air Force Drill Team from Bolling Field, which appeared in the first division of the parade, performed exhibition drilling on the playground at 9 a.m.

Entertainment was provided by the Littlestown High School Band. This evening, the concluding night of the week's carnival, music will be furnished by Bobby Gross and His Rhythm Rangers from Waynesboro. In addition to the regular attractions, the Alpha Ladies' Auxiliary will conduct a bazaar stand, when fancy work, home baked items, etc. will be on sale. The usual awarding of the annual carnival prizes will be made at 11 o'clock tonight.

SELL PROPERTY HERE

Arthur E. Taylor and Lareda Taylor, Cumberland Twp., sold to George S. Lambert and Mary Lambert, Hanover St., a property in Cumberland Twp. The Taylors intend to move to Carlisle, and early possession will be given. The sale was made through Lee M. Hartman, realtor.

LEGAL NOTICES

BIDS WANTED
Sealed proposals will be received and publicly opened and read by the Supervisors of Highland Township, Adams County, Charles H. McCadden, Secretary, Gettysburg R. 2, Penna., until 10 o'clock a.m., E.S.T., August 18, 1955, for the following:

7,000 gallons, more or less. Material to meet Penna. Department of Highway specifications DH-3 Tar, furnished and applied; said material to be delivered in one thousand (1,000) gallon distributor load lots or in such quantities as designated by the Supervisors. A certified analysis of the material must be submitted with the bid. Payment for all material delivered shall be based on the volume of the material at a temperature of 60 degrees Fahrenheit. The Supervisors reserve the right to reject any or all proposals.

to the many who have called upon him. He has encouraged countants to feel free to come to him to discuss their tax matters rather than develop a feeling of fear, toward the Internal Revenue division.

"Gettysburg is becoming a more important community all the time. Its historical significance and the fact that it is the home of our President would make it seem that the decision to close the local office is not in keeping with the development of our community."

The president of the Gettysburg National Bank said he does not know what effect the decision to close the office will have on the community but that "as far as the bank is concerned it doesn't make any difference."

He pointed out that the most important time of the year for the tax office is from January 1 to April 15, and that present plans call for opening of the local office during that time. He indicated that he felt that might be adequate and added that a proposal to have the office here open one day a month had been mentioned to him and he felt that might be helpful.

PUSH PLANS ON LITTLESTOWN'S HORSE SHOW

The Carroll-Adams Riding Club will sponsor its second annual horse show on Sunday, September 4, and plans for the affair were furthered at the August meeting of the club held on Thursday evening at the Walter F. Crouse home, Littlestown, R. 1.

The horse show will begin at 11 a.m. on September 4, with Monday, September 5, as the rain date. The show will be held at the club grounds, along the Menges Mill Road. The ticket committee appointed on Thursday includes David S. Little, Lewis Lippy and Glenn Kindig. The committee in charge of the refreshment stands will be Miss Thelma Thoman, chairman, Mrs. Dorothy Barnes, Mrs. Charles Wilson, Mrs. Clyde W. Crouse and A. H. Good. Entry blanks for the 20 classes in the show are now available and may be secured from Clyde W. or Glenn E. Crouse, of town; Charles Humes, in Hanover; Jean Heltzell in Gettys-

burg or George Crouse in Taneytown. The Littlestown ambulance will stand by during the show in case of emergency.

Thomas L. Cookson will be ringmaster for the show. Lawrence Haines will serve as master of ceremonies and Clyde W. Crouse will assist. There will be both trophy and ribbon awards for first prizes and four other awards except in the champion classes, where there will be six awards. Mrs. Dorothy Barnes is sewing a flag for the club which will be on display for the first time at the horse show.

Wilmer Barnes, president, presided at the meeting. Reports were heard from Mrs. Majorie Good, secretary, and Miss Thelma Thoman, treasurer.

Plans were made to have all the members meet at the club grounds on Monday at 12 o'clock noon, to work during the afternoon and evening placing a fence. The work will be continued also on Tuesday evening.

A drill team is being formed by the club and there will be drill practice at the club grounds on Sunday and Monday at 6 p.m.; drill practice was also held today, in charge of Mrs. Patsy Crouse. The club participated in the Alpha Fire Company firemen's parade on Friday evening.

A special meeting of all club mem-

Plan 33 Bridges In Pike Extension

PHILADELPHIA (AP)—The 110-mile northeastern extension of the Pennsylvania Turnpike will require 133 bridges, including many over other roads, a 4,300 foot tunnel and the use of 70,000 tons of steel, according to engineering estimates here.

During the construction of the toll road, which will run from Plymouth Meeting, near Philadelphia, to Scranton, engineers will have to build the T. J. Evans Tunnel through a mountain. The tunnel will connect Washington Twp., Lehigh County, and East Penn Twp., Carbon County.

HOTEL IS FINED

MEXICO CITY (AP)—A Mexico City hotel was fined 5,000 pesos (\$400) today for failing to honor a reservation made in advance by a Florida woman.

bers has been scheduled for Thursday, August 18, to continue the horse show plans and to make preparations for the printed program. The deadline for program material is August 19. Following the Thursday business session, refreshments were served by George Crouse and Walter F. Crouse.

USSR FARMERS IN MINNESOTA

WORTHINGTON, Minn. (AP)—The Soviet farm chiefs began their fourth week in the United States by setting out to see farming in Minnesota — the fourth Midwest state they have toured.

Six Russians are here in this city which claims to be "the turkey capital of the world." Two others of the dozen are in Minneapolis. Three are in Wyoming. One, the head of the delegation, is in Texas.

The half dozen Soviet guests who spent the night here were busy today carrying out the program worked out for them by University of Minnesota authorities.

This involved touring from Worthington to Olivia, seeing farms enroute, having lunch at Olivia at the high school, observing an alfalfa dehydrating plant, seeing a corn breeding plot, seeing a farm at Biscay and a cooperative cheese plant at Bongard, and motoring on to Minneapolis.

Rodents and insects damage grain enough to feed 10 million hogs.

Atomic Bomb! More Trouble
For Japanese: Washington, Aug. 6
— The United States Army Air Force has released on the Japanese an atomic bomb containing more power than 20,000 tons of TNT.

It produces more than 2,000 times the blast of the largest bomb ever used before.

The announcement of the development was made in a statement by President Truman released by the White House today.

The bomb was dropped 16 hours ago on Hiroshima, an important Japanese Army base.

The president said that the bomb "has added a new and revolutionary increase in destruction on the Japanese."

Mr. Truman added:
"It is an atomic bomb. It is a harnessing of the basic power of the universe. The force from which the sun draws its power has been loosed against those who brought war to the Far East."

The base that was hit is a major quartermaster depot and has large ordnance, machine tool and aircraft plants.

The city of 318,000 also contains a principal port.

The president disclosed that the Germans "worked feverishly" in search of a way to use atomic energy in their war effort but failed.

Meantime American and British scientists studied the problem and developed two principal plants for the production of atomic power.

The president disclosed that more than 65,000 persons now are working in great secrecy in these plants, adding: We have spent \$2,000,000,000 on the greatest scientific gamble in history, and won.

Ex-Prisoner Weds Tuesday:
Miss Doris E. Shaffer, daughter of Mr. and Mrs. Muri R. Shaffer, 401 York St., became the bride of Pfc. Newell E. Carey, son of Mr. and Mrs. Charles C. Carey, Gettysburg, R. 3, in a double ring ceremony performed Tuesday evening by the Rev. Charles M. Mitzell, pastor of the bride and bridegroom in the parsonage at Shrewsbury, York county.

Chronister—Rice: Miss Mary June Rice, daughter of Mr. and Mrs. Paul A. Rice, Bendersville, and Elmer H. Chronister, son of Mr. and Mrs. John E. Chronister, York Springs, were united in marriage Sunday noon in the Evangelical Church parsonage, Espy, Pa., by the Rev. Mark A. Herman, uncle of the bridegroom.

Krichton—Hockensmith: Edward Francis Krichton, son of Mrs. William H. Krichton, McSherrystown, and Ann Teresa Hockensmith, daughter of Cletus J. Hockensmith, Gettysburg, were united in marriage Tuesday morning at McSherrystown. The ceremony was performed by Rev. Fr. Patrick P. McGee.

Council Of Big 5 Will Draft Peace For Europe: Washington August 2 (AP) — The Big Three, in a 6,000 word report of the Potsdam meeting, announced today creation of a Big Five council to write the peace treaties of Europe.
The report on this historic conference of a new Big Three — Harry S. Truman, instead of Franklin D. Roosevelt; Prime Minister Clement Attlee instead of Winston Churchill and the same leader of Soviet Russia, Generalissimo Joseph Stalin — was issued as President Truman sped homeward aboard the cruiser Augusta.

Miss Zinn And James Schwenk Wed Wednesday: Miss Edna Rebecca Zinn, daughter of Mr. and Mrs. Roy E. Zinn, Baltimore St., and James Evans Schwenk, of Wynnwood, Pa., were united in marriage Wednesday afternoon in the garden of the bride's brother and sister-in-law, Mr. and Mrs. Harmon E. Zinn, 231 Broadway, Hanover.

Today's Talk

OBJECTIVE WORTH

The thing in life is not just to do something, but to do something well, worth while—and for a purpose. It's the objective worth of what we do that is the important thing. Many live out half their lives without once setting an objective for which to strive.

There is a touch of romance and expectation when a trip is planned with a definite destination in mind. Planning is half the trip. It's the same with life. If an early plan, or objective, is set then every day become an interesting step forward to that objective or destination, and preparation can be made to meet it.

Dreams do come true when dreamed about an objective of worth. It's like a dream home that you walk into after long planning. Never has there been such a demand for trained men — and those who have perfected themselves along one special line. It's a time of specialists, when everything is concentrated on one useful objective.

Aiming at a job, merely for today, is sure to be disappointing. Hold many jobs, if necessary in order to prepare you better to hold bigger jobs as your own. Remember that it is objective worth that is sure to give you the utmost satisfaction and personal pride.

It is far better to aim at something worth while, which you look forward to meeting, yet fall to do in the end, than to aim at something that you don't want — and get it! Happy success is the only success worth trying to attain. It's usefulness that far outweighs any gain in material matters.

I once knew a noted physician who had a large practice in Kansas City, who gave it all up to go to China where they needed doctors desperately in a hospital. I asked him why he was going so far away and he said: "Over there I can attend to ten times as many people as I serve over here."

Protected, 1955, George Matthews Adams Service

Just Folks

WHAT SHE LEARNED
Of course I didn't know when we married years ago
That his hat upon a chair every evening he would throw,
That his paper on the floor would be left for all to see,
And so much of picking up after him would fail to me.

I didn't know back then when I smiled and answered: "Yes,"
He'd leave dresser drawers pulled out and the bathroom in a mess.

I didn't know back then, when I took him for a spouse,
I'd be married to a man who is useless round the house.

But I've followed him about, putting things where they should be,
I've hung up his hat and coat; kept the bathroom fit to see.

It's too late to change him now.
We are both a bit too old;
And I wouldn't even try, for he chuckles when I scold.

Movie Colony Mourns Deaths Of Suzan Ball, Carmen Miranda

HOLLYWOOD (AP)—Death, in two guises, has taken two Hollywood actresses whose passing the screen capital mourned today.

A lingering death from cancer claimed the life of Suzan Ball at 21. A sudden heart attack proved fatal to 41-year-old Carmen Miranda.

Miss Ball, a striking, dark-haired, dark-eyed actress, had suffered from the disease which caused her death since 1953, when she slipped and injured her knee in a dance rehearsal.

Cancer Returned
Her right leg was later amputated, and valiant Suzan went on to marriage and a resumption of her screen career before the malignancy returned—this time in her lungs.

She died yesterday at her home in Beverly Hills.

Miss Miranda also died in a Beverly Hills home—but after a strenuous day spent singing and dancing with the dazzling ensemble which won her fame as the "Brazilian Bombshell."

Worked To The End
Miss Ball's husband, actor Richard Long, had been told by doctors that death was near. But Miss Miranda's husband, producer David Sebastian, had no idea that tragedy was close at hand.

"I never knew before that she had heart trouble," he said yesterday. "But now that I look back, there were little things..."

One of those "little things" happened the night before her death, when the tiny, fiery Latin was rushing through a comedy-musical sequence for a television film with Jimmy Durante. At one point she dropped to one knee, out of breath.

"That's okay, Carmy," said Durante, as cameras continued. "I'll take that line."
After the film was completed in time to beat a screen actors guild strike deadline, she entertained the cast at an impromptu party at her home. Then, after the last guest had gone home, she collapsed.

Suzan Wed Last Year
Miss Ball was already ill from the disease when she and Long became engaged. When they were married in Santa Barbara, Calif., in April, 1954 she walked down the

aisle on an artificial limb. Later she starred in a movie and a live television show, and, with Long, played a song-and-dance act in nightclubs in Palm Springs, Calif., Tucson, Ariz., and her native Buffalo, N. Y.

He kept the recurrence of her disease a secret from her until three months ago July 5 she was admitted to City of Hope Medical Center, where she stayed until doctors said she could go home last week.

Shot To Stardom
She also is survived by her parents, Mr. and Mrs. Howard D. Ball. Miss Miranda, born in Portugal, got her start in the entertainment world in Rio De Janeiro, Brazil, at 17. Producer Lee Shubert brought her to this country, where her bare-midriff costumes and fruit salad headpieces—and a wild, hip-swinging samba—took her to stardom in films like "Down Argentine Way" and "Copacabana." In recent years she had concentrated mostly on television and nightclub work.

Gunman Turns Down \$4 Loot In Holdup
NEWARK, N.J. (AP)—Unlike beggars, bandits can be choosers.
A gunman entered Taft's Cleaners here yesterday, showed clerk Mary Machesi a revolver and asked for the firm's money.

She opened the cash register. The bandit looked in and saw only four single dollars.

"Is that all?" he asked.
"Yes," she said.
He turned on his heel and walked out the door without the cash, saying "I'll be back later."

Wine glasses should be only partially filled so that the fragrance of the wine can gather in the empty space.

WEALTHY CAR DEALER'S WIFE STILL MISSING
KANSAS CITY (AP)—A widespread search for a wealthy automobile dealer's missing wife, feared kidnapped and slain, had failed to turn up any productive leads by early today.

The blood-spattered clothing and car of Mrs. Wilma Allen, 34, mother of two were the only clues.

Mrs. Allen, who always cautioned her two young sons to scream if any strange persons attempted to enter their motor car, was last seen early Thursday afternoon during a shopping trip.

Gives Up Hope
Her husband, president of one of Kansas City's larger automobile agencies, said "If anybody — a stranger — tried to force entry into her car, I'm sure she would have screamed and put up a severe struggle."

Allen told friends he had almost given up hope of seeing his wife alive and does not believe she is a victim of a kidnap plot for ransom.

Maj. Eugene Pond, chief of detectives, said a report that two men were seen dragging a woman across a road at a lake where the Allens maintain a summer home was discounted as having any bearing on the case.

Car Located
Pond said that judging from the condition of Mrs. Allen blood-stained clothing found stuffed in the trunk of her abandoned car the garments had not been dragged on the ground.

Her car was found early yesterday.

OFFER COMEDY AT TOTEM POLE
Sam and Bella Spewack, who have written such stage hits as "Boy Meets Girl," "Two Blind Mice," and the musical "Kiss Me, Kate," are the authors of the Broadway comedy hit, "My Three Angels," which is to be the next attraction at the Totem Pole Playhouse, beginning Monday, William Putsch, producer-director of Totem Pole, will appear for the first time on the Totem Pole stage sharing the spotlight with Peter Putas and Frank Baxter in the leading roles. "My Three Angels" is the tale

of a chivalrous trio of convicts in a French Guiana penal colony, who have been assigned to work in the home of an amiable impractical shopkeeper and, finding that their host and his daughter are about to be victimized by a pair of unpunished scoundrels, proceed to see that rough justice is done.

The Spewacks have created in their trio a set of benevolent rogues whose counterparts are to be found in the fables of the world. All three badmen have sunny natures, warm hearts, clever hands, sleepless brains and rich inventiveness when challenged by the self-righteous and the unjust.

Milt Hamerman will play the role of the trusting shopkeeper, Virginia Gannon will play his wife, Pat Murphy, the daughter. The roles of the unscrupulous uncle and nephew have been assigned to John Eames and Doug Robinson respectively. Chet Szajna will be seen as the French Naval Lieutenant who lands in the nick of time and Billie Heffner as Mme. Parole, a charge account customer who has taken advantage of the shopkeeper's timidity.

Harriman Rules Out Vice Presidency
ALBANY, N. Y. (AP)—Gov. Averell Harriman has closed the door to suggestions that he might accept second place on the Democratic national ticket next year.
Harriman, generally regarded as a potential candidate for the Presidential nomination, said at a news conference yesterday that he was "not interested" in running for Vice President.
He said he would meet in Illinois next week with Adlai Stevenson, the Democrats' 1952 standard bearer.
Harriman reaffirmed support of Stevenson for 1956 but declined to say whether he thought the former Illinois Governor would run again.

VIRTUE IN BRINTY
BINGHAMTON, N.Y. (AP)—"It's hot," Justice Daniel J. McAvoy told lawyers in state supreme court yesterday. "Those of you with the shortest arguments will get the longest consideration."

Orioles And Washington Knock Off AL Leaders As A's Defeat Boston; Yankees Take Detroit

By ED WILKS

The Associated Press

Baltimore and Washington, reluctant tallenders, have made the American League race as tight as a cork in a bottle.

The Orioles and Senators, supposedly the soft touches who were to give Chicago and Cleveland the edge on their Eastern swing sent the first place brawl into a virtual three-way tie last night.

Baltimore topped the White Sox 2-1 in 11 innings and Washington rapped the Indians 7-5 while New York moved up third place with a 3-0 decision over Detroit on Yogi Berra's 20th home run.

A's Knock Off Boston
And while the last place Orioles and seventh place Nats were having a ball, sixth place Kansas City knocked off fourth place Boston 5-2.

The White Sox still hold the lead, but by a mere two percentage points over the Yanks and Indians. Boston is two games away in the standings.

Chicago errors figured in both Baltimore runs, with the clincher coming home as reliever Millard Howell muffed Willie Miranda's slow roller with the bases loaded. Until the last of the 11th, it had been a pitching duel between Jim Wilson, pitcher for the first division, and ex-Oriole Harry Byrd.

Tough On Sal

The Sox had the bases loaded with none out in the 10th, but Wilson, who gave up the Chicago run in the first inning, worked out of it with a double-play and George Kell's infield out.

At Washington, the Nats gave Sal Maglie a rude howdy to the AL. The veteran right-hander, belted by the National League so much the New York Giants sold him to Cleveland last Sunday, gave up five runs in the first two frames.

Dean Stone tamed the Tribe on four hits until the Indians broke out for their five runs in the ninth.

20th For Berra

Berra, joining Bill Dickey, Gabby Hartnett and Roy Campanella as the only catchers ever to slug 200 or more homers in the major leagues, belted a 3-1 pitch in the fourth inning after Tiger rookie Jim Bunning had issued his only two walks. Don Larsen, winning his second since coming back from the minors, had some wobbly moments but fanned pinchhitter Jack Phillips to end it with two men on base in the 9th.

Moments earlier, Hank Bauer had stretched into the right field stands to rob Frank House of a two-run homer.

Kansas City snarled the Red Sox with Gus Zernial's two home runs and a double and the relief work of Tom Gorman. The right-hander saved Vic Raschi's fourth victory by allowing just one run after coming on in the eighth with the bases loaded and none out. Frank Sullivan, Boston's 14-game winner, lost his ninth.

Cubs Bent Brooks

In the National League, Brooklyn lost to Chicago 10-8, but held its 15th games spread as Pittsburgh bumped Milwaukee 8-5. New York beat Cincinnati 12-9 and Philadelphia defeated St. Louis 7-4.

Ernie Banks clubbed his 37th home run for the Cubs, but Duke Snider smacked two for the Braves to regain the undisputed homer lead with 38. The two clubs combined for seven home runs.

Pittsburgh blasted Warren Spahn for five runs in the first inning an ex-outfielder Dick Hall held the Braves in check until Dino Donoso had to put down a four-run rally in the eighth.

Rally Saves Phils

The Giants had four three-run spurts, then had to hold off the Redlegs in a four-run ninth. Wayne Terwilliger, New York second baseman, was hit over the left eye by one of Johnny Klippstein's pitches and was taken to a hospital for observation.

Four walks and an error gave the Phils a three-run seventh to beat the Cards. Bobby Morgan and Del Ennis homered for the Philies.

Wayne Terwilliger Beamed By Fast One

CINCINNATI (P)—Wayne Terwilliger, New York second baseman, is hatching a goose-egg sized lump on his forehead.

He was beamed by a pitched ball in last night's New York-Cincinnati contest. The force of Johnny Klippstein's fast ball split his plastic cap liner.

"That's what saved him," said Dr. George Ballou today.

He'll be out of the lineup "just Sunday or so," the Christ Hospital physician said.

The average number of cars per freight train on U. S. railroads was a record 65 in 1954.

SOUTH ORANGE, N. J. — Unseeded Sam Giammalva upset Vic Seixas 6-4, 6-2, in quarter finals of Eastern Grand Court play.

RACING

SARATOGA, N. Y. — Actinic (\$3.80) captured Saratoga's National Maiden hurdles.

SALEM, N. H. — Old Mill (3.80) won the feature at Rockingham.

PETER THOMSON HOLDS LEAD AT HALFWAY MARK

CHICAGO (P)—Peter Thomson wanted to slice his spoon tee shot—something duffers try to avoid—but it went straight.

It cost him a chance to break Tam O'Shanter's course record of 63 yesterday and the \$10,000 prize that is offered for doing it.

But Thomson sailed in with a 65 and a 36-hole tally of 136-8 under par. He held a two-stroke lead over Al Mengert and the new PGA national champion, Doug Ford, at the halfway mark in the \$25,000 All-American golf tourney.

Thomson, winner of the British Open the last two years and collector of some \$2,000 at Tam O'Shanter in 1954, had two goals in mind as he teed off today in the third round.

By winning the All-American title he can become the youngest pro ever to cart away a championship at Tam O'Shanter. Thomson, of Melbourne, Australia, is 25. Bob Toski was 27 when he took the "world" title at Tam in 1954.

A victory for Thomson also would mark the first time an overseas entry has won since Bobby Locke of Johannesburg, South Africa, grabbed the All-American crowns in 1947 and 1950. Locke is not competing this time.

MISTY MORN IS PICKED TO WIN

OCEANPORT, N. J. (P)—Misty Morn, with a victory over Saratoga and a triumph in the Molly Pitcher Handicap, studding a brilliant 3-year-old campaign, headed a field of 12 in the 32nd running of the \$50,000 added Monmouth Oaks today.

The Wheatley Stable miss packed top weight of 121 pounds along with the Woodland Farms' Blue Sparkler and C. T. Chenery's Man-o'-war in the mile and one-eighth race. If all 12 started the gross value will be \$62,300 with a winner's share of \$44,200.

The race was to be televised nationally (NBC 4-4:30 p.m. EST) and broadcast (NBC 4:10 p.m. EST).

Eddie Arcaro, the nation's No. 1 stake rider, had the leg up on Misty Morn, who beat Saratoga and other 3-year-old colts in the Providence Stakes and took the measure of older mares in the Molly Pitcher. Arcaro won last year's renewal astride Evening Out.

YORK SPRINGS WINS LOOP TILT

York Springs upset league leading Neville Friday night, 8-5, on the strength of a five-run third inning which was highlighted by Danny Williams' bases-loaded double and Lloyd Garman's homer.

The winners led all the way after scoring three in the first on two hits and an error. Following Williams' blow in the third, George McDermott doubled scoring Williams, but he was out trying to stretch it to a triple. Garman then unloaded his circuit clout.

Score by innings: r h e
Neville 0 0 0 2 1 2—5-6-4
York Springs 3 0 5 0 0 x—8-9-3

Ginter, Wise (4) and Nelson; Reinicker and Blosser, LP—Ginter, HR—Garman (YS) 3rd.

College All-Stars Beat Cards 9-6

CHICAGO (P)—The college All-Stars received their first taste of professional football yesterday and did quite well.

They whipped the Chicago Cardinals 9-6, in an exhibition scrimmage with Notre Dame's Ralph Guglielmi passing for a touchdown and Ohio State's Tad Weed kicking a game winning field goal in the final quarter.

REC TOURNEYS SLOWING DOWN

Recreation officials are concerned that the Teen-Age Tennis Tournament is not moving as rapidly as it should be. Only two weeks remain at the Rec Field. Matches to be played are: Rodney Steiner vs. Ken Mummert; Jim Gilbert vs. Sidney Steiner.

The tournaments arranged for the youngsters in checkers, quilts, jacks and croquet are also "moving too slowly. The contestants are asked to play their matches next week," it was stated.

The adult tennis tournament will enter its fifth and probably final week next week, with only the doubles championship still to be decided. John Houser and Dale Fohl will play Ed Hirschman and Hugh Melhenny in a semifinal Monday evening. The winners will meet Dick Cogley and Lloyd Benner in the finals Wednesday.

An estimated 100 youngsters attended the Rec dance Friday evening, bringing the total attendance for the week to 704 as compared with 646 for the same week last year. The attendance was described as "good, considering how hot it is."

The next dance is scheduled for next Friday night at 8:30 o'clock.

Eastern League

By THE ASSOCIATED PRESS

The battle for fourth place in the Eastern League, once a fairly polite no-holds-barred affair, has turned grim.

Schenectady and Allentown are knotted for fourth, 10½ games behind Reading's pace. Then there is a gap of 12½ to the next club, the fifth-place Johnstown Johnnies.

Schenectady's Blue Jays and the Allentown Red Birds have been see-sawing for weeks in the grip of first-division fever.

The Red Birds gained the tie last night as they romped over Elmira 9-1 and the Johnnies cooled off Schenectady 6-1.

The Reading Indians made it five in a row over third-place Binghamton with a 7-3 victory. Albany clubbed the runnerup Williamsport Grays 14-5.

Today's Games:

Albany at Johnstown

Binghamton at Schenectady

Reading at Elmira

Williamsport at Allentown.

PITCHING—Jim Wilson, Orioles, scattered seven singles, walked three, fanned five and got out of a bases-loaded, none-out jam in the 10th to beat first place Chicago 2-1 in 11 innings.

HITTING—Gus Zernial, Athletics, swatted his 22nd and 23rd home runs and a double to drive in three runs in 5-2 victory over Boston.

RECORD SHOT—Charles Pierson of Cincinnati fires arrow by foot-bow 768 yards to break his own freestyle world record in Midwestern Archery tournament, Saginaw, Mich.

PEN-MAR PREXY LISTS FORFEITS IN TWO TILTS

Pen-Mar Baseball League President Ray McGlaughlin, Emmitsburg, today announced that he had directed forfeiture of two games in the loop.

McGlaughlin said that the contest scheduled to have been played between Blue Ridge Summit and Thurmont Thursday night at Thurmont had been forfeited to Blue Ridge Summit. The league president said Thurmont refused to play the game which had previously been postponed from July 10 because of rain. Reports Friday from the area had been to the effect that the game was cancelled because of conflicts with other activities.

Advices Careful Checkup For Family Car Before And After Vacation Trip Is Best Plan

By FREDERICK C. RUSSELL
Give some drivers enough rope and they sure can tie traffic into knots.

Post-Vacation Care
While it's always important to have the car checked over before putting it to the rigorous service of the big vacation trip of the year more and more motorists are discovering that it also pays to give the car a careful check-up after the trip is over. Here good intentions are apt to lead us into trouble. Invariably after a vacation there is much to preoccupy our attention and time with the result that weeks sometimes pass before we get around to having certain things done to the car.

After several thousand miles of driving the brakes are likely to need taking up. There should be an oil change and a good greasing of the chassis. If the trip has been over dusty countryside the air cleaner should be cleaned. It would be well to check the engine's idling speed, especially where there is an automatic transmission. Perhaps the battery is crying for water. Tire treads should be checked for embedded nails and glass. Check the level of oil in the automatic transmission, and if the chassis has not had the benefit of this by all means buy a chassis tightening job.

After a vacation at the shore, where the car has been subjected to a lot of exposure to the elements, the post-vacation era is an excellent one for a polishing and waxing.

Out Of A Dilemma
If the vacuum operated windshield washers on your car are not working because of need for replacing the control valve you

can install one of the manual washers and let the fluid feed through the lines already installed in the car. To replace the control valve on some cars it is necessary to withdraw the instrument panel. Rather than go to this trouble some owners find it practical to install a manual feeder.

No Starting Stalls
There is plenty of stalling these days from excessive engine heat, vapor lock, carburetor misbehavior and a host of other causes but one stall that is definitely out of the picture is one new drivers these days do not have to cope with. This is the stall that so often resulted from not feeding enough gas when letting up the clutch pedal for a start. With today's automatic gears and torque converters the car just doesn't get under way if the driver fails to feed enough gas. But the engine doesn't stall. He quickly realizes that more engine power is needed, so presses down further on the accelerator until the car begins to take off.

Mechanic Joe Speaking:
"They tell me I'm old fashioned because I like to keep tools and equipment clean while I'm working. But it is my firm belief that this has a lot to do with accuracy. When I first started in this profession I made the mistake of putting a carburetor down on a work bench covered with particles of carbon. One of these got into a bleeder hole.

"Cleanliness is essential to good work. When I was a lad at this work I handled a clutch plate with my greasy hands. This caused glazing of the lining and in short order the customer was back for a re-check of the job."

Easy Route To Cure
A friend who does a lot of driving was quite annoyed recently when piloting his car in a heavy rain. Suddenly the engine started missing. From his experience he figured this was good evidence that water was getting to the engine and wetting exposed ignition parts.

Perhaps you know what he did to check this, and without getting out to do anything about it. But if you are puzzled let me add that he merely slowed down a bit. This prevented further rain from blowing into the engine compartment.

Must Be Good Advice
I've warned you patient readers time and time again, but I must confess that I failed to follow my own advice and paid the penalty in an hour's delay that could easily have been avoided. It seems that after running like the proverbial charm the engine suddenly refused to start. This had all the earmarks of trouble with the start-

er's solenoid so I spent fifteen minutes monkeying with this unit before I discovered that neither the horn nor the lights worked. Since the battery connectors were not loose I decided the battery had suddenly given up the ghost, called for help and a new battery and stood around like a dope until assistance arrived. My only consolation is that both mechanics on the truck thought it was a battery situation until one of them happened to get a good hot spark when shorting the posts. That gave him a hint. Taking off the connectors he brightened them with sandpaper, put them back, tightened them and — presto — the motor started!

Next time I suggest cleaning the connectors and the battery posts have a good laugh on me. But put this down as a most convincing illustration of what a little corrosion in a vital spot can do.

Thoughts For Touring
One of the old rules for mountain driving is that if you have used low gear to climb you should use that gear for descending the other side of the grade. It still is a useful plan.

High speed is no way to save time on a trip because it means more frequent stops for gas and for checking the oil. It is rough on tires, causing them to pick up air pressure and to make the car ride hard.

One owner who makes it a rule to stop off under the shade of a tree every fifty miles or so to let the tires cool off makes the mistake of braking the car hard for the pause rather than to let it slow down gradually. Heat gathered in the brakes is transferred to the tires making it harder to cool them off.

The Motor Primer
Why there are only three connections at an ignition coil seems to be a puzzle to many observers of the under-hood scene. They know that a coil consists of a primary as well as of a secondary winding, each with two ends. So why not four connections at the coil?

It is explained by the fact that the wire from the battery or the hot post of the starter-motor serves for one end of both windings of the coil. The other end of the primary goes to the coil post which is connected to the breaker arm of the distributor, while the other end of the secondary winding goes to the center post of the coil which, in turn, is connected to the center of the distributor cap feeding to the rotor.

In The Motor Mail
Q. Several times lately the electric gauges on the instrument panel have flickered, while the engine skipped a few beats. Then everything is normal again. K. McE.

A. This suggests a loose battery connector. There is a momentary break in the current for all electrical circuits.

Q. We have been unable to stop a leak from the engine oil pan in spite of the fact that a new gasket was used with special care. J. F.

A. This looks like a warped or bent flange on the pan.

Q. I have not had much luck with fan belts on my car. They seem to wear out much too fast. T. M. V.

A. There's always a reason, and usually a simple one, for things like this. My guess is that you over-tighten the belt. Possibly the pulleys are not in alignment.

Q. The other day on a trip I stopped at the top of a hill to take a look at the view and was startled to find that switching off the ignition failed to stop the engine. It seems as if it ran for several minutes but perhaps that was only because I had never had the experience of an engine running without benefit of ignition. Finally I noticed that it was rather difficult starting again. W. M. O'D.

A. This was due to the engine running too hot. You probably have a lot of carbon in the cylinders too. Anyhow there was just enough heated carbon to ignite the mixture and to keep the engine

JOY PRESENTS—Joy, five-pound Chihuahua owned by Mrs. Raymond Miller of Louisville, Ky., poses with mannerly litter of seven pups born by Caesarian section five weeks ago.

running. Should this happen again stall the engine to bring it to a quick stop.

Q. My car has developed the annoying habit of bouncing around too much. I have checked the tires and find that they are not too soft. H. R. G.

A. Probably weak shock absorbers or shocks badly in need of fluid.

Q. There is a peculiar noise in the left front brake. This is heard only when coming to a stop. Doesn't sound like trouble with the brake shoes. N. N. F.

A. It would be well to check the brake drum of this assembly. You may find that the drum is loose.

Q. I have been troubled with the car creeping excessively. Since the transmission is automatic we have checked carefully to see if idling speed is too high, but everything is normal here. A friend says that this is characteristic of the particular drive and that nothing can be done about it. L. D. S.

A. Sorry to contradict your friend but on this automatic transmission this effect may be had if the multiple-disc clutches are dragging. It can be remedied, of course.

Q. What would cause the gears to slip out of second? Have checked the shift lock. T. McV.

A. This looks like a worn shifter fork.

Mr. Russell will answer questions regarding the safe care and operation of your car. Just address him at 254 Fern St., West Hartford 7, Conn., and enclose stamped, self-addressed envelope for a personal reply. There is no charge.

136 Forest Fires Rage In Ontario

TORONTO (AP)—Rain helped 4,000 firefighters put out 14 forest fires in Ontario Friday, but 136 other blazes still kept some 4,000 firefighters working doggedly. Thirteen of the fires were out of control.

"It was our best day yet," a Forest Protection Service spokesman said. He added, however, that the fire hazard still ranged from medium to high throughout Ontario.

Highway travel is permitted in the province, but forest fires are prohibited. Two tourists were arrested and fined \$30 this week for failing to observe the travel ban. No major fires were reported in other Canadian provinces, although Nova Scotia's forests also were closed to all traffic except by special permit.

State Congressmen Support Housing Bill

WASHINGTON (AP)—The compromise housing bill passed by the U. S. House of Representatives on Tuesday and sent to President Eisenhower for his signature had the support of 12 Democratic and five Republican members from Pennsylvania.

Two Democrats and two Republicans were absent.

Supporting the bill that provides 45,000 public housing units a year were Barrett, Byrne, Chudoff, Clark, Flood, Granahan, Green, Kelly, Morgan, Quigley, Rhodes and Walter, Democrats; and Carrigg, Corbett, Fulton, Saylor and Scott, Republicans.

Congressman's Wife Succumbs

WASHINGTON (AP)—Mrs. Emma Eberhart, wife of Rep. Eberhart (D-Pa.), died Thursday at Georgetown Hospital after a long illness.

Mrs. Eberhart, the former Miss Emma Naughton of Sheridan, a suburb of Pittsburgh, had been ill for almost a year. The nature of the illness was not disclosed. Her husband, her father, James

the 60-nation Assembly include on its agenda for the session opening Sept. 20 this item: "Coordination of Information Relating to the Effects of Atomic Radiation Upon Human Health and Safety."

The letter said the U. S. government recognizes that "widespread concern" exists over the question. But it added that information available to Washington indicates properly conducted nuclear tests do not constitute a threat to the world's population.

Alert Puerto Rico For Hurricane Connie

MIAMI, Fla., (AP)—Connie, now a dangerous hurricane with winds of 125 miles an hour whirling around its center, moved toward the Leeward Islands Friday and brought rich and populous Puerto Rico under a hurricane alert.

The Weather Bureau's storm warning service ordered hurricane warnings hoisted in the group of islands at the north end of the Leeward chain, including Barbuda, Saba, and Antigua. All interests were advised to make immediate preparations for dangerous winds and tides.

The Virgin Islands, an American-owned group to the east of Puerto

Army Patients Make Child's Menagerie

PHILADELPHIA (AP)—The children's ward at Philadelphia General Hospital has its own multi-colored make-believe menagerie today.

The Army hospital in nearby Valley Forge, Pa., presented the ward with 50 pink elephants, blue poodles, green monkeys and yellow dachshunds Thursday.

The animals—all stuffed toys—were made by patients in the Army hospital's tuberculosis ward. Pvt. Don R. Glenn, Hereford, Tex., conceived the idea and carried it out with the aid of the occupational therapy section.

GOP SENATORS
WASHINGTON (AP)—Pennsylvania's two Republican Senators, Edward Martin and James Duff, plan to spend most of their time in Pennsylvania during the adjournment of Congress.

Rico, and Puerto Rico itself were told to stand by on the alert for possible hurricane warnings later today.

Most Boroughs And Townships In County Are In Good Financial Condition; Many Are Debt Free

Most of the boroughs and townships appear to be in healthy financial shape and many of them are free of debt, according to the 1954 reports of their auditors and tax collectors. The reports were filed with the clerk of courts between January and June of 1955.

The reports show that five of the ten boroughs reporting and four of the 21 townships of Adams County had some debts at the end of 1954, but that four of these units had paid off substantial parts of it during the year, and that all finished the year with some cash on hand. McSherrystown was most deeply in debt, owing \$38,000 on its sewer bonds.

The borough of Bendersville had the largest real estate tax rate

rate during 1954, 20 mills, according to the reports. Conewago, Cumberland, Hamiltonban, Mount Joy and Union Twp. had only four mills apiece. Records of per capita and occupation taxes were incomplete.

Largest Budget Here

Gettysburg operated with the largest budget, taking in approximately \$114,000 and spending \$115,000. Littlestown, however, finished the year with the largest cash balance, when the totals of all funds are combined. Among the townships, Franklin had the largest income, Mount Pleasant the largest expenditures and Straban the largest cash balance.

Franklin also collected the most in local, school and county taxes of any township, \$61,849, and has the most roads to maintain, 65.2 miles. Berwick, by way of contrast, has the smallest road mileage, only 9.2.

Three reports are missing. The New Oxford auditors' report is not to be found in the files of the clerk of courts. Neither are the tax collectors' reports from Huntington and Tyrone Twp. Local officials are liable for fines if their reports are not filed by March 1.

The summaries of the reports are given below. The tax collection figures are from the collectors' reports, and the population figures, inserted for comparison, is from the 1950 census. All other figures are from the auditors' reports. The cash, income, expenditures and tax collection figures are rounded off to the nearest dollar, and the roads to the nearest mile.

LEATHERNECK GRAD IS DENIED COMMISSION

KINGS POINT, N. Y. (AP) — An honor graduate of the U.S. Merchant Marine Academy — whose mother quit the Communist party at his insistence — has been denied

a Naval Reserve commission because of her former activities. Cadet Midshipman Eugene W. Landy, 21, received word of his rejection on the eve of exercises at which his 54-year-old mother is to watch him graduate Friday with three of the academy's highest awards.

"I wish they'd punish me instead of him," his mother told reporters while visiting a sister in New Jersey.

She acknowledged she was a Communist party member from 1937 until 1947 or 1948, when she quit under urging from her son.

"He sort of gave me an ultimatum that I quit or he would leave home. He reformed me and yet he is suffering for it. I wish they'd punish me instead of him. I'd rather go to jail than have him suffer."

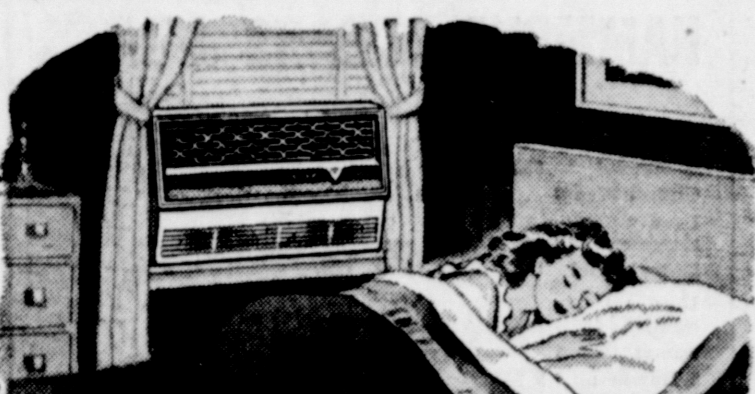

Will Get Degree

The midshipman, one of Mrs. Landy's three sons, will receive a bachelor of science degree and a certificate of qualification as a Merchant Marine officer along with 95 classmates.

But Rear Adm. Gordon McClintock, academy superintendent, said Landy will not receive a commission in the Naval Reserve "unless we get a counterstatement" to a Navy order barring the commission.

The admiral refused to link the Navy action to the former activities of the cadet's mother, but an academy spokesman admitted there was a connection.

The spokesman quickly added, however: "Whatever his mother may have done, there's never been any question of Landy's loyalty here."

USSR STUDIES IKE'S PLAN, BUT PREFERS OWN

MOSCOW (AP) — Premier Bulganin said Friday his government will continue to study President Eisenhower's proposal for an exchange of military information and mutual aerial inspection.

Bulganin told the Supreme Soviet that Soviet Russia naturally prefers its own disarmament proposal but nevertheless will not refuse to consider other sincere plans.

In this connection he said Eisenhower's proposal still is under consideration. The Soviet Union is trying to find ways to get the positions of the two sides closer together and find agreement, the Premier asserted.

Thursday Bulganin told the Supreme Soviet President Eisenhower's plan would be ineffective

"because our two countries comprise vast areas on which, if it were desired, one could hide anything one wanted to." The 1,500 deputies burst into laughter at this.

The statement yesterday was taken as a rejection of the plan.

But President Eisenhower said later he did not feel Bulganin had closed the door to agreement on disarmament. Eisenhower said the United States will consider sympathetically Russian proposals along the same line with a determination to find a solution fair to both sides.

Bulganin's remarks came during discussion of his report on the Geneva summit conference.

"Everything will turn out well," Bulganin told the deputies Friday and they broke into cheers.

The Prime Minister made a surprise return to the podium in the air-conditioned Parliament chamber. He said his statement yesterday about the impracticability of the Eisenhower proposal had been "misunderstood" by the foreign press.

"The Soviet Union is naturally

Jap Lays Wreath At Arlington Grave

WASHINGTON (AP) — A survivor of the atomic bombing of Hiroshima 10 years ago, today laid a wreath at the tomb of the Unknown Soldier at Arlington National Cemetery.

He prayed that under the "peerless leadership" of President Eisenhower "world disarmament may take place within our lifetimes."

When Rev. Kiyoshi Tanimoto, director of the Hiroshima Peace Center Associates, completed the prayer, a U. S. Army bugler sounded taps as the wreath was placed on the tomb.

Tanimoto said the people of Hiroshima had a bitter taste of the horrors of atomic war and accepted it as a judgment of God. But he asked that "never again should any city or nation have to suffer a similar fate."

harmonious spirit of Geneva.

"That is also our wish," Bulganin declared to further applause.

Georgia Officials Block Integration

COLQUITT, Ga. (AP) — Miller County commissioners have resolved to cut off school funds immediately if any suit is filed to force integration of the races and to set white deputies to patrolling the school grounds.

The resolution also urged all white farmers and businessmen in this south Georgia county to "emphasize to the members of the colored race the detrimental effect that any attempt at integration of the races could bring to them economically or otherwise."

In the resolution, adopted unanimously yesterday, the commissioners noted that "we have no precedent to follow from any other board of commissioners in Georgia to our knowledge, but we believe we are following the wishes of our people."

No commercial deposits of tin have been found in the United States.

RUSSIANS DEAL DOUBLE BLOW TO OWN PEACE "PROPAGANDA"

By JOHN M. HIGHTOWER

WASHINGTON (AP)—The Russians dealt their own peace propaganda campaign a spectacular double setback Thursday.

1. In Moscow Premier Nikolai Bulganin finally rejected the proposal which President Eisenhower presented at Geneva two weeks ago for an exchange of military blueprints and aerial photographs between Russia and the United States.

Eisenhower's move captured popular imagination and public support throughout the free world and neutral nations. Its rejection for whatever reasons may be interpreted as evidence that the Moscow regime is not willing to meet the American challenge to strike a dramatic blow for disarmament and peace.

Resume Nuclear Tests

2. Hard on the heels of Bulganin's announcement in Moscow came word from the Atomic Energy Commission here that Russia has resumed testing of nuclear weapons in the last few days. It was the first such American report since last October.

This announcement may prove to be highly important in the prop-

Returns Kidnap Daughter To U.S.

ROME (AP)—An Easton, Pa., mother left by air for the United States Friday with her 8-year-old daughter, Anita, who disappeared last month from Easton and was found in Sicily.

Mrs. Mary Dolores Germano, 31, and Anita Lomonicio, her daughter, were due in New York late tonight and were expected to go to Pennsylvania immediately after arrival.

The mother had been employed by the Emergency Refugee Relief program in Italy. She and the child's father, Salvatore Lomonicio, 39, Italian-born but a naturalized American, were divorced in 1952 with custody of the child going to the mother.

Anita was staying with her maternal grandparents in Easton when she disappeared last month. Authorities reported she was last seen with her father. The father and daughter were traced to Europe.

A Rome magistrate ordered Lomonicio to return the child to her mother. The reunion took place several days ago in Sicily, the U.S. Embassy announced.

PITTSBURGH (AP)—The AFL

State, County and Municipal Employees union launched a campaign ploy. Charles C. Levey, international vice president of the AFL Building Service Employees union, told a meeting of union members the administration of Gov. Leader is "liberal" and has "given every indication that he is sympathetic to labor's aims."

aganda struggle which goes on constantly between Washington and Moscow. It provides evidence of Russia's continuing interest in developing nuclear weapons—a fact that free nations sometimes lose sight of in their agitation over the testing done by the United States.

American tests normally get great publicity. The Russians say little about their experiments.

The Bulganin rejection and atomic weapon tests are in line with the Soviet attitude reflected in Bulganin's closing statement to the Geneva conference.

The Russian leader made it clear at that time that he was not interested in reversing Soviet policy in any major field. He restated Moscow's basic positions on such issues as German unification, European security and disarmament in substantially the same words he had used to state them initially in the Geneva meeting.

Eisenhower apparently made his disarmament proposal in the summit meeting two weeks ago for several reasons. He himself attached great significance to it, because he told Bulganin he wanted to offer the world convincing proof that the great powers were sincere in their efforts to put an end to the arms race.

Double Objective

From the American point of view, the challenge undoubtedly had another objective also. It was designed to put Bulganin and the Soviet delegation at Geneva on the spot before the world by testing Soviet peace talk. Bulganin's refusal can now be exploited by the United States as evidence that Soviet talk is not backed up by readiness for direct action.

WON'T BELIEVE REASSURING WIRE FROM SON

LEWISBURG, Pa. (AP)—Mrs. Hurley Baumer today found it difficult to believe her son.

Maj. William H. Baumer, who was released Wednesday after 2½ years of Chinese Communist imprisonment, cabled his widowed mother that there is "really nothing to worry about."

"I know he will say that just to make me feel good but I saw newspaper pictures of him hobbling around on crutches—he's not coming home like the other boys," Mrs. Baumer lamented.

"Billy is just trying to assure me so that I won't worry but when I see those pictures of him I know there really is something to worry about," she added.

Maj. Baumer, one of 11 American airmen released from behind the Iron Curtain, was shown in newspaper pictures as walking to freedom on crutches.

"A New Kind Of Sorrow"

"I knew all along from word I had received that Billy had lost some toes but somehow when I saw him on the crutches I felt a new kind of sorrow," Mrs. Baumer said.

The central Pennsylvania mother received the telegram from her son last night—the first uncensored word she has received from him in 30 months.

Mrs. Baumer said she hoped to make a trip to San Francisco in the next few days to greet her son on his arrival there. Originally she had expected to be flown to the Pacific Islands to meet her son there.

One copy of the new Palomar atlas of the universe will cost \$2,000.

Asks Review Of Citizenship Case

NEWARK, N.J. (AP)—A review of a court action in which reputed racketeer Marco Regine of Margate, N.J., was granted citizenship is sought by U.S. Atty. Raymond Del Tufo.

Del Tufo said Thursday he has filed an appeal of the granting of citizenship to Regine with the Atlantic County clerk at Mays Landing.

The government has sought to deport Regine, 58, to his native Italy as an undesirable alien. But Regine fought the move successfully, and on June 21 Atlantic County Judge George T. Naame awarded him U.S. citizenship.

The appeal filed by Del Tufo asks for a review of Judge Naame's action.

COLOMBIA GOV'T CLOSES PAPER

BOGOTA, Colombia (AP)—El Tiempo, liberal party newspaper and the largest in Colombia, has been closed on order of the Conservative government.

Robert Garcia Pena, managing editor, said Thursday the action was taken because the newspaper refused to publish an army-dictated corrective statement.

Garcia Pena said the government of President Gustavo Rojas Pinilla was displeased by a letter sent by the managing editor to a Quito publisher defending El Tiempo against charges voiced by the President during a recent visit in Ecuador.

The corrective statement, Garcia Pena added, made it appear the newspaper was making a voluntary apology for the letter.

The army general staff ordered the newspaper to print the statement on the front page every day for 30 days. Six days ago the gov-

Veteran Secretary Of N.J. Senate Dies

POINT PLEASANT, N.J. (AP)—Oliver F. Van Camp, secretary of the New Jersey Senate for 26 years, died Friday at his home. He was 62.

Van Camp, known to both Republicans and Democrats in the legislature as "Ollie," had missed only two sessions of the Senate since his appointment in 1929.

His most recent absence was in May when he suffered an attack of bronchial asthma.

Van Camp had been Republican chairman in Ocean County for 10 years.

SUSPEND LICENSE

HARRISBURG (AP)—The State Liquor Control Board Thursday suspended these licenses, effective Aug. 26, for the reasons it cited: Clarence H. Winters, 31, Cloud Hotel, Lock Haven, (Clinton) 30 days; Sunday sales; licensee visibly intoxicated while on duty on the licensed premises.

ernment clamped censorship on all newspapers. This was aimed at choking off Liberal press criticism of any army campaign against guerrillas—mostly Liberals.

Arizona has 2,152 miles of railroad.

RED SCIENTISTS LIKE REACTOR

GENEVA (AP)—Soviet scientists took their first look at the American atomic research reactor here Friday and agreed it was "very beautifully done."

They promised to give detailed information on Russian research in papers to be presented to the 72-nations atom-for-peace conference opening Monday.

The Russians also expressed hope atomic information would be exchanged in private discussions with American scientists.

Twenty-three members of the 79-man Soviet delegation spent more than an hour at the American exhibit, which President Eisenhower visited two weeks ago during the summit conference.

Prof. Dmitri Ivanovich Rjabchikov, a chemist, and Prof. K. A. Pavlov, assistant research director of the Oak Ridge national laboratory who is in charge of the U.S. exhibit here, and Dr. George Manov of the Atomic Energy Commission staff.

Rjabchikov was told that the United States has already arranged to sell the reactor to 24 nations at a cost of about \$350,000.

Union Official Asks Blue Cross Probe

NEWARK, N.J. (AP)—A state AFL official seeks another investigation of the Hospital Service Plan of New Jersey (Blue Cross)—this time by parties other than the Department of Banking and Insurance.

In a letter to Gov. Robert B. Meyner, released Friday, Vincent Murphy, secretary-treasurer of the state AFL, said a recent report by Howell generally clears Blue Cross "without any evidence that a real job of investigating was ever done."

The report by Howell failed to offer facts to support its conclusions, Murphy said, and also evaded the issue.

Policeman Shoots Speeding Motorist

TRENTON, N. J. (AP)—A speeding motorist was shot and killed instantly on Thursday as he swerved his auto toward a police car which had pulled up alongside, police reported.

Dead was Robert J. Johnson Jr., of Trenton, a Marine Corps veteran wounded three times in Korean fighting.

Patrolman Vincent Morrison told superiors that the 38 cal. revolver discharged accidentally when the patrol car, driven by Patrolman James Vandergrift, swerved to avoid Johnson's vehicle.

each.

Rjabchikov said the Soviets had an experimental reactor at Moscow State University and that they were building such reactors all over Russia. He said most of them were at research institutes rather than universities.

SATELLITES TO COMPETE WITH ROCKET SHOWER

By FRANK CAREY

COPENHAGEN (AP)—Those projected "basketball moons" are in for some stiff competition from a yearlong scientific rocket show that will make almost every other day the Fourth of July.

A U.S. Naval Research Laboratory rocketeer indicated this Thursday in a report to the sixth International Astronautical Federation Congress.

Dr. Homer E. Newell Jr., Washington, D.C., said the United States is planning its most ambitious program in rocket exploration during 1957-58.

Seeks Nature's Secrets
Instrument-carrying rockets will go up to almost 190 miles and come down in contrast to rockets designed to propel an artificial satellite into a temporary orbit around the earth. Virtually all information obtained will be radioed back to earth.

Approximately 150 such rockets will be fired by the United States from sites extending from the equator to the North Pole regions, he said. He added that France also has definite plans, and that England, Australia, India and Japan have expressed interest in joining the show.

The rocket barrage will be part of the International Geophysical Year, during which approximately 40 nations, including Russia, will join in a cooperative scientific effort designed to wrest unsolved secrets from mother earth, her oceans and the atmosphere enveloping her.

A peculiar crackling sound heard when pure tin is bent is called tin cry.

PILOT'S SKILL SAVES LIVES OF 68 IN EMERGENCY

CHICAGO (AP) — Skillful piloting was credited with saving the lives of 68 persons in a Northwest Airlines plane accident late yesterday.

The pilot, Capt. George A. Stone of Minneapolis, landed his big four-engine Stratocruiser on Midway Airport's northwest runway and noticed suddenly his propellers would not reverse to help slow the speed. He worked the brakes frantically, but their power was insufficient to halt the big plane.

"When I saw the rigid arrow markers, landing lights and gasoline stations at the corner of the field," Stone told a reporter, I applied full left rudder."

The big plane veered from the runway, drove through a steel wire fence which served to partially stop it and rolled into the middle of Central Avenue, narrowly missing a car.

The 62 passengers and crew of six were evacuated quickly, some through emergency chutes extending from the plane. There was no fire, but the props threw great

chunks of the fence in all directions, one piercing the left side of the plane just behind the cockpit.

Copilot Ralph Gray of Minneapolis credited Stone's actions with averting a possible major tragedy.

Frightening Experience

It was a nerve-racking experience for five persons in the car driven by George Meyers of Youngstown, Ohio, which was narrowly missed by the plane's roll onto Central Avenue. Two women from his car were taken to a hospital and treated for shock.

Meyers, a spot welder, was pale and shaken from the experience when he talked to a reporter. He said the huge plane bearing down on him through the high grass was frightening.

All I could think of was to slam on the brakes," he said.

The plane came to rest about 20 feet in front of his bumper.

YOUNG MOTORIST KILLED

BETHLEHEM, Pa. (AP) — James Ure, 17, of Bethlehem, was injured fatally Thursday when his car crashed into a utility pole on Chickentown Road, a mile north of here. Ure, alone in the car, was pronounced dead on arrival at St. Luke's Hospital.

There are about 877 million head of cattle in the world, about 18 per cent more than before World War II.

KEFAUVER RAPS ADA CRITICISM OF LEADERSHIP

WASHINGTON, (AP)—Sen. Kefauver (D-Tenn.) labeled as "unjust" today an American for Democratic Action assertion that both President Eisenhower and Democratic congressional leaders have shown "indifference to the public interest."

Kefauver, who classes himself in the "liberal" wing of his party, said he does not agree with the ADA charges voiced yesterday by National Chairman Joseph L. Rauh Jr.

Rauh said Eisenhower offered "hopelessly inadequate" remedies for critical domestic problems and the Democrats accepted them in the name of "teamwork."

Private Organization

The ADA is a private organization, espousing New Deal principles, which often supports Democratic candidates.

"It is unthoughtful and unjust to make any such blanket indictment of the Democratic congressional leaders and of President Eisenhower," Kefauver said in an interview.

"Congress didn't accomplish everything we would have liked to do but it was quite successful in foreign affairs matters. There was more confusion on domestic issues but we still have another session and I hope that in it school construction, highway, social security, water resources and farm legislation will be the first order of business."

Programs Inadequate

Rauh told reporters ADA welcomes "the revival of bipartisanship on foreign affairs." He added "such bipartisanship is no excuse for bipartisan suffocation of social and economic legislation."

He called Eisenhower's proposal for federal aid in building schools inadequate. He accused Southern

State Dept. Press Man Dies Suddenly

WASHINGTON, (AP)—Michael J. (Mike) McDermott, who served as State Department press officer nearly 30 years, died unexpectedly last night, apparently of a heart ailment.

McDermott, 61, served in the press post until 1953, and rounded out his work for the department as ambassador to El Salvador. He retired as ambassador early this year.

He was press officer for the San Francisco conference which established the U.N. in 1945, and had served as department spokesman under a succession of Democratic and Republican secretaries of state.

He was a native of Peabody, Mass. Surviving are his widow, Mrs. Rose McDermott; a daughter, Patricia, and a son, Michael Jr., who is studying to be a Jesuit priest.

BOSTON (AP) — Health officials Friday advised parents not to bring children to Boston now but disputed a federal government report that the city's polio outbreak has "reached epidemic proportions."

"There is no epidemic," said Joseph Reardon, epidemiologist of the Massachusetts Public Health Dept. "and the situation will not be declared an epidemic."

Democrats of preventing a vote on any school bill because of fear anti-segregation riders might be attached.

BOSTON MAKES APPEAL FOR POLIO NURSES

BOSTON (AP) — Dr. John H. Cauley, Boston health commissioner, last night issued a nationwide appeal to newspapers and radio stations for more nurses to care for New England's rising toll of polio cases.

Dr. Cauley's appeal came as the number of polio cases in the six-state area soared to just under the 1,000 mark.

Cauley called for all available full and part-time nurses to help in Boston's six hospitals. A clearing house for polio cases was established yesterday after Mayor John B. Hynes proclaimed a state of limited emergency.

20 Deaths In State

The official New England count yesterday was 999 cases, as compared with 220 last year. State totals and the corresponding 1954 figures were: Connecticut 108-92; New Hampshire 40-14; Rhode Island 37-11; Vermont 18-6; and Maine 23-9.

Twenty polio deaths have been reported in Massachusetts to date. State health officials said 19 children who received Salk vaccine were stricken with polio. In New Hampshire, state officials said five Salk-inoculated youngsters have polio.

There have been no reported deaths among those receiving Salk inoculations.

The number of married men in the United States gained 470,000 in 1954 compared to a gain of 614,000 in 1951.
